Description:

The Defiant 23 with its deeper, aggressive hull design was designed with offshore capabilities in mind. The 23 remains on plane as slow as 10mph whilst still capable of speeds in excess of 45mph.

Deck space on the 23 is amazing, allowing you to easily walk around with plenty of room for coolers and accessories, and the large step down area adds additional storage, the use of a porta potti or a quick change of clothes.
